

Doctoral Fellowships at the Herzog August Bibliothek

The private foundations Dr. Günther Findel-Stiftung/Rolf und Ursula Schneider-Stiftung run fellowship programmes for doctoral candidates in Wolfenbüttel. These programmes are open to applicants from Germany and abroad and from all disciplines. They fund young scholars who are working on projects linked to the Herzog August Bibliothek's holdings. The Herzog August Bibliothek functions as one of Europe's most important research libraries. Its unique rare book and manuscript holdings and special collections, such as print, painting and historical map collections, are famous all around the world. Applicants may apply for a fellowship of between 2 and 10 months.

The fellowships are € 1.300 per month. Fellowship holders are housed in library accommodation for the duration of the fellowship and pay the rent from their fellowship. There is also an allowance of € 100 per month to cover costs of copying, reproductions etc. Candidates can apply for a travel allowance if no funds are available to them from other sources. Please request an application form.

Begin of Fellowship: October 1st 2021 at the earliest

Application deadline: April 1st 2021
