Invitation

Born in the USA.

A tribute to the Codex
Foundation, Berkeley
March 12 until May 23, 2021

It was all meant to turn out so differently... Our exhibition called „Materialia Lumina“ has been delayed until now because of the global pandemic. Initiated by the Codex Foundation, Berkeley, we will be working alongside the Herzog August Library Wolfenbüttel to exhibit a selection of artist's books from artists who have taken part in the Codex Book Fair. For the past 15 years Codex have created an environment for book artists from around the world to share and sell their work. As well as the exhibition there will be a catalogue to record the project, written by various authors, including the Klingspor Museum.

Welcome, at last, to our exhibition.
